MASTER'SMIND
SPOUSAL PEER GROUP

As a caregiver or business spouse do you sometimes feel alone and spread too thin? Are you longing for a safe place where you can be real – to be equipped and supported so you have capacity for life's challenges?

It's hard trying to hold it all together - doing it alone.
That's why our Spirit-led mentors come alongside you.
Because God's design is to do life together.

The Spousal Group is a community for life-giving growth in how you lead self, family and marriage... while experiencing richer relationships with God and others. It also provides the tools and support to invest in others for the advancement of the kingdom.

Our core outcomes for growth are:

1. INCREASED CAPACITY TO EXPERIENCE GOD

**2. INCREASED CAPACITY TO LEAD SELF, FAMILY
AND OTHERS WELL**

“ With a busy family and home, initially I didn't see how I could make the Spousal Group work with my schedule.

But now I see it was life-giving. I learned tools and skills alongside my husband that have changed the course of our home. We now better support each other and have more alignment in the business and home.

The community has also brought relationships and support from other couples that are still invaluable today.”

- ANNE DEBOER
